

AERONAUTICAL TELECOMMUNICATIONS NETWORK PANEL

WORKING GROUP 3 (APPLICATIONS AND UPPER LAYERS)

**Tokyo, Japan
December 1 - 3, 1999**

ATN Subvolume 9

Presented by: S. Van Trees

Prepared by: G. Saccone

SUMMARY

As introduced at Gran Canaria, SV9 is intended to be the repository for ATN object identifiers and perhaps also ATN addresses and data dictionary information. The working group is invited to comment on the attached first draft.
